Miscellaneous.

Hear Ye! Hear Ye! Hear Ye!!

THE subscriber having taken the agency for the sale of Burdiet and Bartlett's Grecian Caoutchouc Oil Polish, is now prepared to furnish the article to store keepers at Manufacturer's prices.

This article is composed of neats foot oil and Gutta Percha, acting as a preserver of leather as well as polish. An article of this kind has long been needed, as every one knows that common blacking will not polish or oil over grease.

The attention of livery stable keepers, and those keeping carriages and harnesses, is for the purpose of cleaning carriage tops, harnesses, &c. It is put up in large size boxes, convenient for the use of livery stable keepers, and also smaller sizes for the use of everybody who wish to purchase the best blacking in the market.

THE Glycerine Cream made principally of pure Glycerine, is unquestionably the finest preparation yet made, for all external inflammations. For chilblains, chapped lips, face or hands, salt rheum and excoriations it has no rival, far surpassing camphor ice, cold cream, &c., &c. It is colorless, nearly odorless, is almost without grease, and being innocent and palatable, can be used with great benefit and entire safety upon sore or inflamed nipples. AMERICAN AND FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837,)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.

CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

GENERAL ASSEMBLY.

JANUARY SESSION—IN PROVIDENCE.

FRIDAY MORNING, Feb. 10.

Senate.

Mr. Fairbrother, from Committee on Corporations, reported favorably upon the petition of the President and Directors of the Arcade Bank for reduction of the par value of the shares of said Bank from $50 to $25. Petition granted and accompanying act passed.

Mr. Currey, from Committee on Judiciary, reported back without any recommendation, the act in relation to dogs.

Mr. Currey wished to exempt dogs in Provedence from tax because there were no sheep in the city, and dogs were not liable to wander into the country to worry sheep or other stock.

Mr. Cooke, of Warren, saw no reason why the dogs of Providence should be exempted while dogs in the country were taxed, and thought that dogs from the city caused as much damage to flocks there as dogs owned in the country.

After some further discussion, participated in by Messrs. Bagley, Haskell, S. Peckham, Ball, of New Shoreham, on motion of Mr. S. Peckham, the bill was made the order of the day for Wednesday next. [illegible] row, or some other day he should introduce an act in amendment of Title 22 Chap. 150 of Revised Statutes of Lien of mechanics.

Adjourned until Monday morning, at 10 1-2 o'clock.

House of Representatives.

The House met at 10 o'clock, Mr. Speaker Hayes in the chair.

Mr. J. W. Mowry, of Smithfield, from the Committee on Agriculture, reported an act in relation to the sale and adulteration of milk, recommending its passage. The proposed act provides for the sale of milk [illegible] to be sealed, by wine measure, the measures [illegible] under a penalty of $5. An Inspector of Milk is also to be appointed by the Town Councils, and a fine of $20 imposed for selling or offering for sale any adulterated milk. The bill was temporarily laid on the table.

Mr. Matterson, of West Greenwich, offered a resolution providing for two sessions of the House on Monday.

Mr. Eames moved to amend by inserting Tuesday instead of Monday. Carried.

Upon motion of Mr. Hidden, the resolution was then laid on the table.

Mr. Jencks introduced a resolution providing that when the General Assembly adjourn on Friday next, Feb. 17, it adjourn to meet according to law.

Mr. Hubbard moved an amendment providing that during the remainder of the session, no member shall be allowed to speak on any question for more than five minutes. Ruled out of order.

Upon motion of Mr. Stevens, the resolution was laid on the table.

Mr. Sanford called up the act in amendment of Title VII, Chapter 33, providing for doing away with numbering Common Councilmen on the tickets in the city of Providence.

Mr. Knowles suggested that if this bill passed, there might occasions arise when there would be a tie and therefore no election, a result that the present statute was expressly framed to avoid.

The question was taken, and the bill was lost.

Mr. Van Zandt called up the act in amendment of Chapter 67—Of the Normal School—and moved its passage.

Mr. Eames moved to amend section 8 by providing that the educational journal be distributed under the direction of the Commissioner of Public Schools. The amendment was adopted.

Mr. Stevens, of Newport, moved to strike out the 8th section, appropriating three hundred dollars for the circulation of some educational journal to be published in the State. He expressed his doubts whether the efficiency of the Normal School itself justified the continuance of that institution.

The motion to strike out the 8th section was supported by Mr. J. L. Clark, and opposed by Messrs. Dimau, Luther, Peck and Bicknell, and lost.

The House then unanimously concurred with the Senate in the passage of the act with an amendment.

Upon motion of Mr. Lawton, the bill to abolish separate schools was taken up, the question being upon the adoption of Mr. Sanford's substitute.

Mr. Eames resumed his remarks in opposition to any change in the existing policy, taking from the local authorities the control of matters placed within their control by general law. In concluding his remarks, Mr. Eames moved that the bill be indefinitely postponed.

Mr. Newell occupied [illegible]

anonymous letter that had been left upon his desk, the authorship of which he ungraciously attributed to a teacher in Providence. He then proceeded to support the passage of the bill.

The Daily News.

MONDAY MORNING, FEB. 13, 1860.

The Post Office.

The New York Evening Post is strongly in favor of abolishing the government monopoly of transmitting the correspondence of the people. After alluding to the great saving both to the Government and the people, which would thus be made, it adds:

"There is another advantage to be derived from surrendering the mails to the private expresses. The expresses would be responsible for every dollar of money and every article of value committed to their charge. The Post-Office Department is not. If the Government appoints a postmaster who is a rogue, or makes a bargain with a dishonest mail contractor, and he steals the money enclosed in our letters there is no redress. Great as our loss may be, the Government, whose agents we were compelled to trust, and who have robbed us, makes no restitution. Private expresses are subject to a different rule. The Government is above the law, and scoffs at the idea of making compensation to the injured person; public expresses are compelled by law to make good any losses we may suffer from the infidelity of their agents.

Then again, the expresses are more punctual than the Government mails. In a thousand instances the expresses outrun and distance the mails. The expresses depend for success on their reputation for availing themselves of the most rapid means of communication, and delivering letters and parcels with the greatest exactness; the Government has no such inducement to exertion and vigilance. Whether it perform it work well or ill, we must employ it to carry our letters.

To speak the truth respecting the post office department, it is, regarded simply from a financial point of view, a spendthrift device, a most expensive folly. Fifteen millions of dollars are paid annually to work this awkward and unsatisfactory machinery, and only eight millions of dollars are received back; so that we lose seven millions a year by ingrafting [illegible] upon our government, in imitation of the practices of Europe. This monopoly of the mails is as much an intrusion upon the province of individual enterprise, and as foreign to the proper functions of a government, as the monopoly of salt and tobacco which some of the governments of Europe have seized into their hands. We dare say there are persons in certain parts of the old world who, by mere force of habit, can as little form an idea of a government without the monopoly of salt and tobacco, as some of those in this country whom we call statesmen can form an idea of a government without a post office department."

Wealth of Rhode Island.

The Providence Journal publishes a comparative table, showing that Rhode Island stands only the sixth in the Union in the amount of its banking capital, while in respect to its population it stands really the first. The State of New York, with a population 21 times greater than Rhode Island, has less than six times its banking capital. Massachusetts, with a population seven times greater, has a banking capital only three times greater; and Pennsylvania, with sixteen times more inhabitants, has only one quarter more banking capital. Louisiana has 1-5th more, and Connecticut banking capital only slightly exceeds that of Rhode Island. The Journal adds:

"The richest banking house in the Union is a Rhode Island house, whose place of business is in New York. The individual reputed to be the richest in New England resides in Providence, his fortune having been acquired here. The wealthiest individual manufacturer or company in the United States is in Rhode Island. It may be stated, too, that within a circuit of sixteen miles around Providence there are more manufacturers than are to be found within the same limits in any part of the Union; embracing cotton, wool, iron and jewelry, and include some of the largest and most profitable in the country. As evidence that considerable sums of money may be commanded by some of our men of business, we state from authority that, during the present Winter, a house in Providence has purchased cotton in New Orleans for its own use in manufacturing amounting in the aggregate to more than half a million of dollars, which was paid for in cash."

Woman's Turn at Giving Advice.

In the Newburgh *Daily News* we find the following "letting off steam" by an angry woman: "We have been lectured long enough, and now it's our turn. Wouldn't a series of 'Hints to the gentlemen' be particularly appropriate? Think how nice it would sound, now! * * * Do be a little sensible in your fashion—wear that stove-pipe hat of yours so that it would protect your head and ears—what is the use of that miserable little concern perched on the top of your head? And as for the ridiculous way you have—which fashion sanctions, *of course!*—of going with your chest unprotected, except by a thin shield of starched linen, when all the rest of you is snugly encased in warm broadcloth, we can't find words strong enough to denounce it! Of all unmanageable brutes, a sick man is the worst. We'd rather have charge of a wild hyena—Van Amburgh's big elephant is hardly your ledgers and law papers all day long. Help your wife about the sweeping—chop the kindling wood—get out and dig in the garden. Don't you see how much healthier your man Patrick is than you? Patrick never has the dyspepsia; Patrick never complains of feeble health. Then we might go on at the same rate for half a dozen columns, and say nothing but the truth, either. Now isn't it very evident that you need lecturing as much as we do, and does not the cap fit remarkably well when it is turned and the other side out? At any rate, there is no necessity for your troubling yourselves so very much about our welfare. Pray, don't take the pains to lavish advice on us when we go out and when we come in. We're getting tired of it. And we should think, after so much experience, people would have discovered that we generally do about as we please!

Daring Escape from the Penitentiary. A Woman Lowers Herself by a Rope from the Fifth Story.

About a year since, in the United States Court at Cincinnati, a man named Cheeseman was sentenced to the Penitentiary for counterfeiting coin, and he had hardly commenced his prison labor before one of his former associates, a girl named Mary Fuller, also made *her debut* in the same institution to which her "fancy" had been consigned. Her misfortune was she was sentenced for two years, while Cheeseman was released at the expiration of one year. For some time past the regulations of the prison had been such that a large number of convicts were compelled to sleep in the chapel, and among them were Cheeseman and a fellow convict, who was employed during the day as porter for the female department, carrying wood, coal, water, &c. It is thought that this convict was made the confidant of Cheeseman and Fuller, and that through his agency the escape was planned and carried into effect. Cheeseman served out his time and was discharged on Saturday last.

On Saturday night the girl made her escape from the fifth story of the prison by passing out of her window and passing along the side of the building upon the cornice or water-table about eighteen inches broad. Passing along the front of the building, at the immense height of fifty or sixty feet from the ground, with nothing to hold to, and upon the projection scarcely visible from the ground, she reached, at the distance of about forty feet from her room window, a place where it was necessary for her to jump about 12 feet to the roof of the west wing. The leap was taken—proved a safe one—and the dauntless woman next fastened to the corner of the roof a rope which she manufactured of her own bedding, grasped it in her hands, and swinging from the roof, passed down on the outside of the wall, over windows were other convicts were sleeping, and down to *terra firma*, where, at a distance of forty-five feet below the roof, she alighted in the arms of her confederate in guilt. It is doubtful whether the feat performed by this abandoned girl was ever equaled in the history of escape [illegible], by any felon either of her own or the sterner sex, and it affords another striking illustration of the old saw, that "when a woman will she will." The guilty pair left the city after the scene narrated, and were not found until last evening, when Warden Van Slyke, acting upon information received from private sources, went to a heavy forest about ten miles from the city, on the Elm Creek Road, where Cheeseman, and the woman who had staked and lost her all upon him, were found domiciled in an old cabin, long since deserted by the owner of the land. The sequel is, that the girl is again in the penitentiary, and her *Cheeseman* is bound up in the City Prison to await an examination on Saturday for having aided a prisoner to escape.—*Columbus Capital City Fact.*

A Washington correspondent thus speaks of Mr. Sickles's appearance in the House:

"There is a general stir among the fairer portion of the audience as Mr. Sickles saunters quietly in—a slender figure, attired with such Parisian faultlessness of taste that he has acquired the name of the best-dressed man in the House. Dark brown hair, brushed smoothly away from his white, broad forehead; full beard and moustache, and a handsome face, all but the *eyes*—oh! such singular looking eyes! As long as his back is turned, he seems an Adonis; but the eyes spoil all. His usual style of dress—one that makes him the envy of every dandy on Pennsylvania avenue for its *distingue* perfection—is a black dress coat, with velvet collar, and light gray trowsers, tapering down to the small, shiny boots. His hands are encased in perfectly fitting kid gloves of some dark color, which he constantly wears, even in his seat. This habit has given rise to a superstitious rumor that they are worn to conceal the deep blood-stains which he fancies are still crimsoning his hands. He lounges in a sort of nonchalant way upon his seat, seldom accosted by his fellow-members, and apparently quiet unaware that he is the center for hundreds of curious eyes. He [illegible] in a private family on Fifteenth street, and 'Teresa' is with him."

THIRTY-SIXTH CONGRESS. FIRST SESSION.

WASHINGTON, Feb. 9.

SENATE.

Mr. Sumner (Rep., Mass.) introduced a resolution to inquire into the expediency of further legislation for the prevention of crime and violence on board our merchant marine. A debate was held on a motion to print the Patent-Office Report, in which the Senate-Printer difficulty was referred to. It was finally ordered printed, one copy for each patentee. The Post Office Deficiency bill was then taken up, and debate had on the proposition to grant six per cent. interest to the contractors, which was finally adopted. An amendment abolishing the franking privilege, to take effect on the 10th of April, was adopted, and then the bill passed, when the Senate adjourned.

HOUSE.

Mr. Sherman (Rep., Ohio) moved that the House proceed to the election of a Printer; but, after debate, the House refused to second a call for the previous question. On motion of Mr. S., the election was then postponed till Monday. On motion of Mr. Hoard (Rep., N. Y.) it was resolved [illegible] printing expenses, and providing [illegible] to be announced by the Speaker. The President's Message was received, and it was referred to the Committee of the Whole on the State of the Union. Several Democratic members, disliking the positions assigned them on the Committees, asked to be excused from serving. Notice was given of intention to introduce quite a number of important bills, and the House adjourned.

THREE DAYS LATER FROM EUROPE.

ARRIVAL OF THE CANADA. AT HALIFAX.

HALIFAX, Feb 10. The Royal Mail Steamship Canada, which left Liverpool at 10 A. M. 28th ult., arrived here at 1 o'clock this afternoon.

GREAT BRITAIN.—On the 27th, in the House of Commons, Mr. Griffith called attention to a rumor that 30,000 French troops were expected at Leghorn, and enquired whether there was any reason to suppose that the object of such a movement was to prevent the annexation of Central Italy to Sardinia.

Lord John Russell said there was no truth in the statement, and he had no reason whatever to believe that the French government contemplated any such step with the view imputed to it in the question,

Lord John Russell also stated, in reply to a question from Mr. Monckton Milnes, that in compliance with the address of the House, on the cruelties practised on board American ships, he had communicated with the American government, and power had been given by it to Mr. Dallas to enter into negotiations to put an end to the atrocities so disgraceful to humanity. A Convention was being drawn up, with this object in view (Cheers.)

The Attorney General gave notice of a bill for the consolidation and amendment of the Bankruptcy Laws.

The Commercial Treaty between France and England attracted much attention, and some of its provisions had been published.

Later advices had been received from Australia. There was a panic at Melbourne, and numerous failures had occurred.

LOCAL ITEMS.

Philharmonic Concerts.

We are requested to say that the sale of tickets, and securing of seats for these concerts, will commence as advertised, Tuesday morning at 9 o'clock precisely, at Tilley's, and at the City Music Store. The Society desire to satisfy all of their generous patrons, and they think this the best plan to accomplish the object, as by fixing the time and previously announcing it, all have an equal choice. These remarks have become necessary, from the fact that tickets have already been called for, and they will probably save unnecessary trouble on the part of others.

The programme contains music of a great variety, and he must be of a singular taste, who is not pleased by a large portion of the performance.

The Society offer a smaller proportion of choruses than is their custom, perhaps thinking thereby to give better satisfaction. They make a speciality of chorus singing, and in it excel. The society, of the same number of performers, in this country, which sings choruses, generally, as well as the Philharmonic, are very few and difficult to find. We were told, a few weeks since, by a gentleman from New York, a member of the best choral society in that city, that, after hearing a rehearsal of our Philharmonics, the choruses were better sung in Newport than in New York.

There are on the programme, as a consequence, a larger proportion of quartettes and similar compositions, than they have ever offered. There is also a good proportion of the grave and lighter works. There will be a novelty, in the form of violin music. In addition to their own efforts, the Society have secured the valuable aid of Mr. and Mrs. E. A. Payne. Mrs. Payne will sing, in the first part, a solo, containing three movements, composed by Mr. Payne; and if sung as well as "He was Despised" was, Tuesday—and it will be—it will be a rich treat indeed, to those who love good music. The same lady will also sing, in the second part, a Grand *Aria* and *Cabaletta* from *Ernani*, which will afford cultivated tastes no small gratification. And lastly, when we add that another opportunity is offered to hear the fine playing of Mr. Payne, observe his excellent taste and superior execution, what more could be desired.

Many of our wealthy citizens have liberally subscribed, thus encouraging the society by their generosity. Now we ask the sons and daughters of toil, the hard-working men and women of our city, how can you invest fifty cents better than by procuring three evenings of rich, instructive, refining, healthy pleasure? It will lighten your care, fill you with elasticity of spirits; it will throw a bright beam of mellow sunlight across your path of gloom, to which memory, in after years, will revert with keenest satisfaction. Try it, and see if "we play you false."

High Winds!

The wind, on Friday afternoon, was very high, and produced, with other circumstances, a remarkably low tide. We are told by the proprietor of "Codfish Parlor"—a beautifully and tastefully furnished 'parlor,' or rather parlors, on Long Wharf—that within about 36 years past, there has been only one tide equally as low, and that was about fifteen years ago. Thirty-six years since, the wind blew as it did Friday, for three days in succession. As a result, all the water left the inner harbor, except the Cove brook. Friday, the water was so low that the bottom of the harbor, from long "Old Wharf," west of Swinburne's Coal Wharf, was bare, and the gentleman above alluded to was only prevented from walking from the Long Wharf to the "Old Wharf" by the softness of the mud. Quahaugs were also taken from the "Old Wharf," and clams dug plentifully between the three wharfs first-named. The north gable of Coddington Factory was blown down, and a part of the south. We cannot learn that any harm was done to the shipping.

VACCINATION.—It will be seen by reference to an advertisement in another column, that provision has been made for the vaccination of the inhabitants of Newport who have not already been vaccinated. Their own safety, both personally and in their families, demands that our citizens attend to this matter, as that dreadful disease small pox is quite prevalent in cities and towns in daily communication with our own.

☞ A letter from Mr. H. Molten, of the firm of Ames & Molten, whose hat manufactory was destroyed by an explosion a few days since, states their loss to be $20,000, instead of $200,000, as before stated by us. Of those injured nine have already died, and it is feared one or two others cannot recover. They will at once begin to rebuild their factory, and expect to be able, in ninety days to be turning out goods for their customers.

Mr. Molten further says: "For the sympathy you express, together with those in your town who I know feel deeply for me, I return my sincere and heartfelt thanks. I only wish it was in my power to erect a factory in the old town that gave me birth, and to dispense the large amount of money weekly among your people that I, or rather we, are now doing."

FOUSEL'S PABULUM VITÆ.

THE GREAT FRENCH REMEDY, possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASES.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease, both from its innocent nature and its most astonishing curative properties; *it being the only remedy known that will arrest the development of Tubercles in the Lungs, or restore the vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendations and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficacy in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are efficiently used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration.

Respectfully,
A. A. HAYES, M. D., *State Assayer*,
16 Boylston Street, Boston, Dec. 19, 1857.

TESTIMONIAL from the Assistant Superintendent of Health:

BOSTON, Oct. 5, 1859.

Sir:—It affords me great pleasure in recommending to those troubled with Pulmonary Complaints the use of Fousel's Pabulum Vitæ; and my own experience has shown that for Coughs and Colds it possesses qualities of great merit, and I would most cheerfully recommend its use to those troubled with the above complaints, so common to our climate.

Respectfully yours,
(Signed) DANIEL B. CURTIS,
To F. J. LAFORME. Room 12, City Hall.

F. J. LAFORME, Esq.:

Dear Sir—This may certify that I have used *Fousel's Pabulum Vitæ*, and I consider it the best article that I have ever used for pulmonary complaints. My wife has used it for severe colds, and its effect was magical; and I have no objection to your referring in any way to me that you deem expedient.

I have given the above named a fair trial, and with confidence advise all that are afflicted with colds or pulmonary complaints to try it.

DR. MATTISON'S
REMEDIAL INSTITUTE,
—FOR THE TREATMENT OF—
Special Diseases,
No. 28 Union St., Providence, R. I

Circulars giving full information with references and testimonials, sent by mail. Also a Pamphlet on Diseases of Women with observations on Private and Chronic Maladies generally, sent free by enclosing a stamp to Dr. R. N. MATTISON as above.

Dr. M. is a thoroughly educated physician of nineteen years practice, giving his whole attention to the above named diseases. Persons at a distance, therefore, having any important and difficult case in this specialty will save much time and expense by applying either personally or by letter, to the REMEDIAL INSTITUTE.

N. B.—Accommodations for patients from abroad wishing to remain in the city for a short time under treatment.

A WORD TO INVALIDS.

All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the *choice of a physician.* And first, *let all quacks, impostors and humbugs alone.* If you have an intelligent physician in your vicinity apply to him immediately, and follow his directions explicitly, and for a sufficient length of time, and he will probably cure you; if not, then apply to one who makes your disease a *specialty*, for no physician in general practice, no matter how eminent, can treat a given disease, or class of diseases, as successfully as one of the same ability who makes such diseases a *specialty*, and devotes his whole attention to them. Educated physicians hitherto have stood aloof from making private diseases a specialty, and hence they have been monopolized by quacks.—The fear of losing caste in society, or of being classed among charlatans by the profession, has too long stood in the way of this most desirable result. What disgrace is there in treating a class of diseases specially that all physicians treat in general practice? Ricord of Paris, and Acton of London, both make *Private Diseases* a specialty, and yet their fame is an enviable as it is world-wide. It is in fact the only remedy for one of the most heinous and destructive systems of quackery in private diseases as practiced in all the larger cities throughout the country.—But to return. I said let quacks and impostors alone. Their advertisements fill the newspapers and are well calculated to deceive the inexperienced, made up as they are of the most extravagant *pretensions*, but without a shadow of *evidence* of the truth of what they say. Advertising in itself is no sin, but *deceptive* advertisements are an abomination, and no advertising physician is entitled to *any confidence whatever* who does not give to the public the most undoubted guarantee both of his honesty and his skill.

In offering my services in a speciality which has heretofore been almost exclusively in the hands of impostors, I ask no man to employ me who is not fully convinced that I shall treat him courteously, deal honorably and with the strictest fidelity, and give him the best possible chance for a speedy and permanent cure. H. N. MATTISON,
o11 dwtf No. 28 Union st., Prov. R. I

Blood Food!

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the whole system. The "BLOOD FOOD," from which, Dr. Bronson was restored to perfect health, Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Coughs, Cold, Head-ache, Palpitation of the Heart, Loss of appetite, or pain in the side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Debility*, or your *sleep is broken and disturbed*, if your *Spirits are Depressed* or your *Organs relaxed*, you will find in this an unfailing remedy, by commencing with *ten drops.* If your *Liver* is torpid or disease in any manner whatever *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *dyspepsia*, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle.* In *Male or Female Complaints and Weakness*, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles* The "BLOOD FLOOD" is effectual in all cases of *Eruptions, Salt Rheum, Scrofulas* and other like complaints, *Pale and emaciated children and adults* are immediately benefited by its use. It gives strength to the body and color and beauty to the skin. *Physicians of all schools* are using it with wonderful success. For full directions, see circulars.

Price $1 per bottle.

Mothers!

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them. Second—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation, viz: FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsion or fits we earnestly recommend you to lose no time in procuring it. Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

Sold by CHURCH & DUPONT, Druggists, No. 30 Maiden Lane, New York.

THE
GREAT WONDER
OF THE NINETEENTH CENTURY.
PROFESSOR WOOD'S
HAIR RESTORATIVE.

Says the St. Louis (Mo) Democrat: Below we publish a letter to Dr. Wood of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums nor useless puffer from the press:

BATH, Maine, Jan. 20, 1859.

Prof. O. J. Wood & Co:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite grey, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe, more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements, I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at you service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours, A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer to the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, the Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER

BROOKFIELD, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflamation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly,

J. K. BRAGG.

The Restorative is put up in Bottles of 3 sizes, viz: large, medium and small; the small holds 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent, more in proportion. O. J. WOOD & CO., Proprietors, 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market St., St. Louis, Mo.

It is distilled from the best barley, flavored with the best Juniper berry, and impregnated with a variety of herbs of highly medicinal properties, by a process of steeping known only to its inventor.

It is the only Gin in Holland recommended by the faculty there, and the importers have the authority of the leading physicians of Germany and America, to recommend it for the Cure and Prevention of the following diseases:

Asthma, Debility, Heartburn, Diarrhoea, Indigestion, Dropsy, Loss of Appetite, Dyspepsia, Natural Decay, Dysentery, Nervous Headache, Eruptions, Physical Prostration, Fever and Ague, Rheumatism, Female Irregularities, Rupture, Gout, Salt Rheum, Stricture, Hypochondriasis, Colic, Decline, Affections of Bladder, " " Urinary Organs, " " Generative Organs, Affections of Kidneys, " " Glands, " " Stomach, Affection of the Joints.

A CARD TO THE LADIES.

DR. DUPONCA'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country.

HOWARD ASSOCIATION,

PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis**, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœ, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onaism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun**, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. *By order of the Directors.*

DR. DARIUS HAM'S

AROMATIC

Invigorating Spirit.

This Medicine has been used by the public for six years, with increasing favor. It is recommended to Cure Dyspepsia, Nervousness, Heart-Burn, Colic Pains, Wind in the Stomach, or Pains in the Bowels, Headache, Drowsiness, Kidney Complaints, Low Spirits, Delirium Tremens, Intemperance.

IT STIMULATES, EXHILARATES, INVIGORATES, BUT WILL NOT INTOXICATE OR STUPEFY.

AS A MEDICINE, it is quick and effectual, curing the most aggravated cases of Dyspepsia, Kidney Complaints, and all other derangements of the Stomach and Bowels, in a speedy manner.

It will instantly revive the most melancholy and drooping spirits, and restore the weak, nervous and sickly to health, strength and vigor.

Persons who, from the injudicious use of liquors, have become dejected, and their nervous systems shattered, constitutions broken down, and subject to that horrible curse to humanity, the DELIRIUM TREMENS, will, almost immediately, feel the happy and healthy invigorating efficacy of Dr. Ham's Invigorating Spirit.

WHAT IT WILL DO.

DOSE.—One wine glass full as often as necessary.

One dose will remove all Bad Spirits.
One dose will cure Heart-burn.
Three doses will cure Indigestion.
One dose will give you a Good Appetite.
One dose will stop the distressing pains of Dyspepsia.

One dose will remove the distressing and disagreeable effects of Wind or Flatulence, and the moment the stomach receives the Invigorating Spirit, the distressing load and all painful feelings will be removed.

One dose will remove the most distressing pains of Cholic, either in the stomach or bowels.

A few doses will remove all obstructions to Kidney, Bladder, or Urinary organs.

Persons who are seriously afflicted with any Kidney complaints are assured speedy relief by a dose or two, and a radical cure by the use of one or two bottles.

NIGHTLY DISSIPATION.

Persons who, from dissipating too much over night, and feel the evil effects of the poisonous liquors, in violent headaches, sickness at stomach, weakness, giddiness, &c., will find one dose will remove all bad feelings.

Ladies of weak and sickly constitutions should take the Invigorating Spirit three times per day; it will make you strong, healthy, and happy, remove all obstructions and irregularities from the menstrual organs and restore the bloom of health and beauty to the care-worn face.

During pregnancy it will be found an invaluable medicine to remove disagreeable sensations at the stomach.

All the proprietor asks, is a trial, and to induce this, he has put up the INVIGORATING SPIRIT in pint bottles, at 50 cts, quarts $1.

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints.

STEREOSCOPIC EMPORIUM.

E. ANTHONY,
307 Broadway, New York.

After May 1st, 1860, at 501 BROADWAY, two doors from the St. Nicholas Hotel,

The Stereoscope is the most *instructive, interesting, entertaining, amusing,* and *exciting* of modern inventions.

None are *too young,* none *too old,* none *too intelligent,* none *too uneducated,* to acknowledge its worth and beauty.

No home is complete without it, and it must and will *penetrate everywhere.*

It presents to your view every part of the world, in all the *relief, boldness, perspective,* and *sharpness of detail,* as if you were on the spot.

Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and *the results of their skill are constantly enriching our stock.*

We have an immense variety of paper Views of Scenes in Paris, London, England, Scotland, Ireland, Wales, France, Belgium, Holland, Switzerland, Spain, The Rhine, Versailles, St. Cloud, Fontainebleau, Tuilleries, Italy, Turkey, Egypt, Athens, the Holy Land, China, India, Crystal Palace, also Groups Historical, amusing, marriage scenes, breakfast scenes, pic-nics, statuary, etc. etc. An *exquisite assortment of Illuminated Interiors of Palaces, Churches,* etc. The effect of these illuminated views is *most remarkable.*

EVERY GENTLEMAN OF WEALTH AND REFINED TASTE should have in his drawing room some of our *exquisite views on glass,* with a revolving stereoscope, showing 12, 25 50 or 100 scenes. Nothing can be more fascinating, and one can offer no greater treat to a friend fond of the picturesque and the beautiful.

Anthony's Instantaneous Stereoscope Views are the latest Photographic wonder. They are taken in the *fortieth part of a second,* and everything, *no matter how rapidly it may be moving,* is depicted as sharply and distinctly as if it had been perfectly at rest. This gives an additional value, for to the beauties of inanimate nature *it adds the charm of life and motion.* The process is a discovery of our own, and being *unknown in Europe,* we receive from London and Paris large orders for Anthony's Instantaneous Views of American life and scenery.

Among other things we have just published Stereoscopic Illustrations of the Scene of the FULTON STREET PRAYER MEETINGS, in which many hearts feel an interest. The particulars of this will be found in our catalogue.

OUR CATALOGUE of subjects and prices will be forwarded to any address on receipt of a stamp.

Parties at a distance sending us $3, $5, $10, $15, $20, $25 can have a good instrument and such pictures as they may request, sent by *Express.*

Parties who wish to be advised of everything really valuable in the line that comes out, may send us their names to place on record, and we will keep them posted at our own expense.

Men of leisure will find Photography a *most* fascinating and delightful amusement. We are prepared to fit out *amateurs* with everything necessary *for their success* together with instructions "How to take Stereoscopic Pictures."

CAUTION.

Persons living [illegible] extremely cautious of whom they order Lottery Tickets or Certificates of Packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them—Capital Prizes of from $20,000 to $40,000 head their schemes—with Tickets at One Dollar.—$100,000 Capital Prizes are offered. Tickets $5. All such, in every instance, are frauds and if money is sent to them for Tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of Tickets. In every instance where large Prizes are offered for a small cost of Tickets, put it down for a certain fraud.

☞ All orders addressed to France, Broadbents & Co., Wilmington, Del., will meet with prompt attention, and the printed official drawings sent as soon as over.
